<b>NOTES</b>	
<p>The size of the Compliance Agreement Fee has been set to take into account the potential for damage to the Common Property, Primary and Secondary Thoroughfare and other property by the builders and/ or their subcontractors. The Compliance Agreement Fee will be used for rectification of damage to such items as roads, pavers, boom gates, street lights, landscaping, fences, underground service, etc and rectification of non-compliance to approved plans.</p> <p>PBC Compliance Agreement Fees are not intended to be cumulative for different types of structures provided they are all constructed at the same time and are included on the one Application. For example, the addition of a room, pergola and swimming pool will usually be termed a Major Alteration and attract only one Compliance Agreement Fee.</p> <p>A formal identification process is implemented to ensure accuracy of the condition of the PBC property both before and after the Works are completed.</p> <p>The Compliance Agreement fee is held in Trust by the Sanctuary Cove Principal Body Corporate.</p>
